

**54 reasons**  
**Play 2 Learn**  
A good beginning for every child

## Supported Playgroups

Support for children and their caregivers

### Play2Learn

Play2Learn is 54 reasons' supported playgroup model for children aged 0-5 and their caregivers. Leveraging the Early Years Learning Framework and leading evidence of what works, the program aims to:

- Foster children's psychosocial development.
- Facilitate school readiness.
- Improve family wellbeing.

Play2Learn builds early learning capabilities by engaging families in their child's learning, so children can participate in structured play and learning. Parents are also provided with high-quality parenting information and education, skills coaching, therapeutic support and warm referrals to local specialist services.

Our three staff model with a Child Development Specialist, Family Support Specialist and Community Engagement Worker allows us to holistically address the underlying issues impacting on child and family wellbeing. All our staff are multi-lingual to support the diverse cultural needs of our families and children.
